Experience

- 2024 – Present Valencia/Philippines
 Product & System Designer (self-initiated)
Tulong
End-to-end logistics control system for last-mile emergency aid distribution. Modeled complex operations (routes, fleet, capacity, ETAs) into clear digital workflows.
Built interactive prototypes in React / Three.js, grounded in real field operations.
- 2024 – Present Valencia
 Product Designer (Freelance)
DinAI
Client-facing product & brand design — lead client meetings and present design proposals.
- 2024 – 2025 Valencia/Philippines
 Logistics Operations (field)
World Central Kitchen
Coordinated last-mile food distribution under pressure; fieldwork that directly informed Tulong.
- Dec 2022 – Apr 2024 Valencia
 UX/UI Designer
Idrica
Led UX/UI for Plant Analytics, a data-heavy monitoring platform (alarms, maps, dense technical data) for wastewater operations, shaping complex data into clear interfaces that support faster operational decisions. Contributed reusable UI patterns toward design-system consistency across the product.
- 2021 – 2025 Remote
 Visual & Digital Designer
Knowadays
Design production and digital redesign for a global online learning platform (proofreading/editing/writing) across web, email, social and editorial — relevant for learning/education product roles.
- Mar 2019 – Aug 2021 Edinburgh UK
 Graphic Design Specialist
Scottish Enterprise
Reports, infographics, event collateral and brand applications; collaboration with internal teams and external agencies; senior stakeholder presentations.
- Nov 2016 – Mar 2019 Edinburgh UK
 Graphic Designer
Registers of Scotland
Main graphic designer in Communications Dept — branding, digital assets, reports, campaigns, website and intranet visual direction.

Education

 Coursera
Foundations of User Experience (UX) Design
2022

 ESAT
ID3 Postgrad in Design and Web development
2021 – 2022

 CEU
Product and Graphic Design Degree
2008 – 2012
